

How we use IT technology in the primary school

Kaunas „Vyturys“ gymnasium
Prepared by Lina Dovydiene.

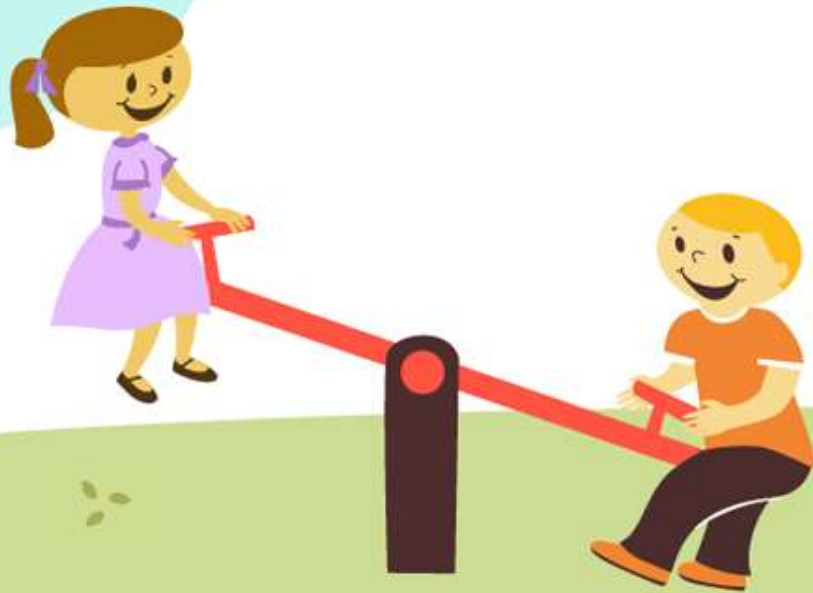

We use an interactive programs that help to improve lessons.

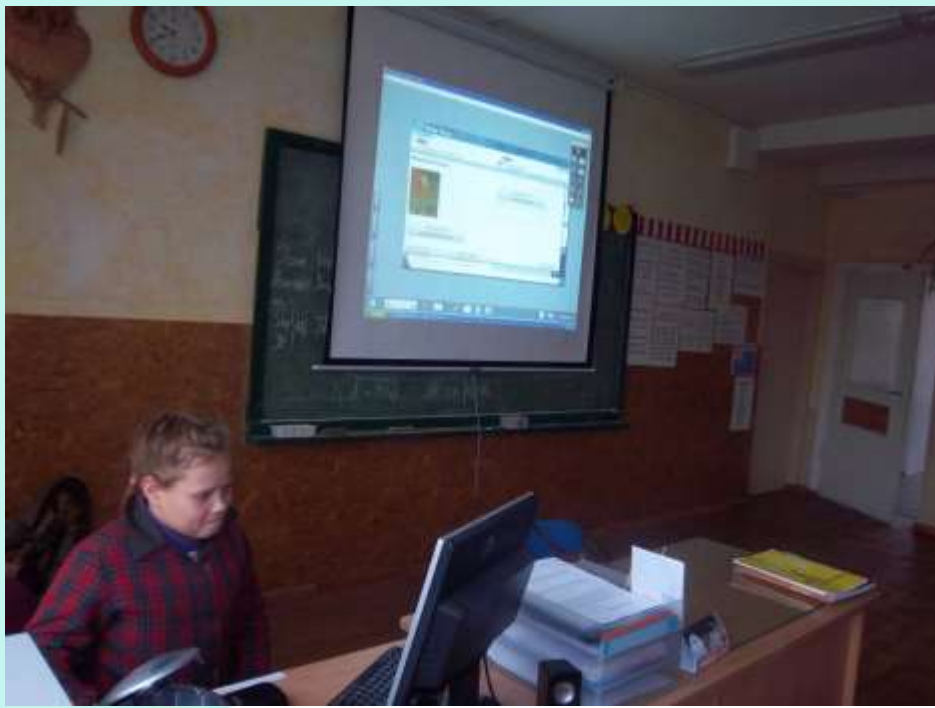

Using Songs in the English Classroom - Speaking could be more Enjoyable .
Children love to sing in the primary school.

With the help of IT- we have an opportunity to listen to native speakers.

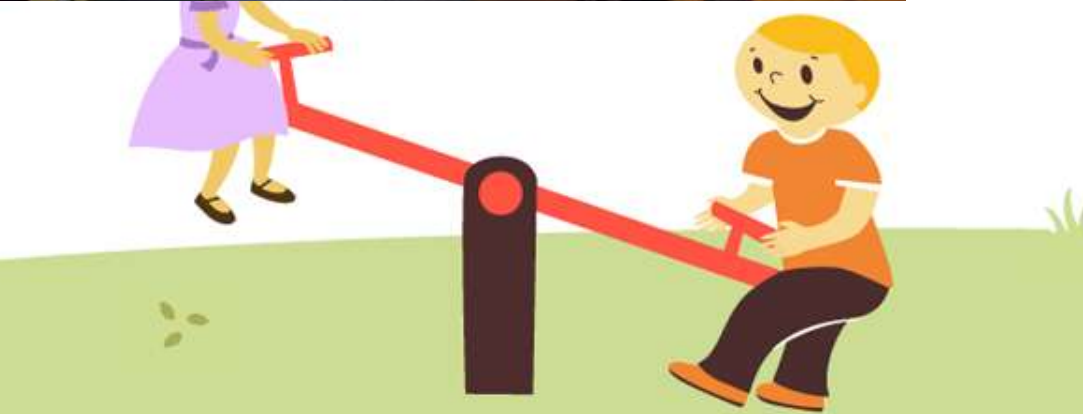

Games help in every kind of activities. It is the natural education for kids. The game can do a lot of. The teacher must choose the best in every lesson.

Children love working on computer. We have got a lot of educational programs.

The Role of International Projects in Teaching English.

Our pupils have got a lot of friends in Turkey, Portugal and Bulgaria.

They are sending letters by computer.

How are you?

Everything alright?

I like to hear from you!

I love to see you soon!

Obviously, I miss you!

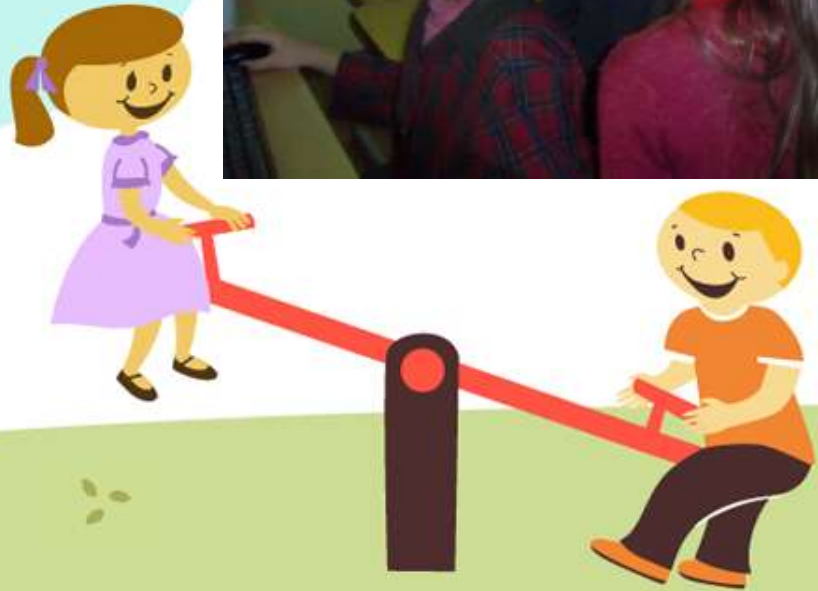

We use presentations to start a discussion.

Winning is motivating . Our student Benas Kukenys won the first place from IT technology and English speaking championship.

Computer is the best thing for kids in their life. How to make use of forbidden fruits to teach more effectively in a modern school? It is the question number one for each teacher.
